

Clinical Liaison

Sage Recovery & Wellness Center is currently seeking a Clinical Liaison Consultant. The Liaison provides on-site supervision, training and consulting to clinical staff and management at the Westlake Office location for clinicians of Sage Recovery & Wellness Center and Sage Recovery Villa.

Clinical Liaison duties requested:

- Provides 2-4 weekly clinical consultation groups with clinicians, in subgroups of client populations as needed.
- Conducts annual CEU training at Sage Recovery & Wellness Center.
- Discusses difficult cases with clinicians and makes suggestions and recommendations.
- Consults with clinicians and management to promote staff development and to suggest solutions to problem cases.
- Confers with CEO concerning human resources about work problems as needed.
- Consults in the development of mental health programs to be provided, ensuring the clinical efficacy of the program.
- Keeps informed of new developments in the fields of mental health and substance use.
- Identifies staff training and development topics and provides training and guidance to administrative and clinical staff to ensure mental health services delivery effectiveness.
- Takes part in regular clinical management meetings.
- Provides phone consultation as needed for clinicians between on-site consultation meetings.

Hours: This is a contract position of approximately 8 hours per week.

Education & Qualification:

- Master's degree in counseling, psychology, or social work (LMSW, LCSW, LPCI, LPC, LMFT) from accredited institution.
- Knowledge of mental health and substance abuse interventions.
- Knowledge of working with clients of all ages.
- Minimum 8 years working as a licensed clinician.
- Intensively trained in DBT a strong plus.
- Experience in conducting clinical trainings and clinical consultation or supervision for clinicians.
